Respiratory - O2 /Flow Sensors, Blenders & Monitors

VEN-2227

O2 Cell LDM 01
Full line of O2 sensors compatible with Respiratory and anesthesia ventilators and also the Fio2 Monitors

VEN-2229

O2 Cell LDM 02
O2 Sensor Compatible with Drager/ Ohmeda Ventilators

VEN-2230

O2 Cell LDM 03
Full line of O2 sensors compatible with Respiratory and anesthesia ventilators and also the Fio2 Monitors

VEN-2231

O2 Cell LDM 04
Full line of O2 sensors compatible with Penlon Respiratory and anesthesia ventilators and also the Fio2 Monitors for penlon ventilators

VEN-2725

O2 cell LDM 12
Lub Dub offers Ventilator O2 sensors compatible with Maquet servo

VEN-2223

O2 Cell LDM 06
Neonatal Ventilator fill line of O2 sensors compatible with SLE 2000 /4000 /5000

VEN-2224

O2 Cell LDM 07
Full line of O2 sensors compatible with Newport Respiratory and anesthesia ventilators and also the Fio2 Monitors

VEN-2219

O2 Cell LDM 09
Full line of O2 sensors compatible with Datex Ohmeda

VOEXN--22522240

O2 Cell LDM 10
Full line O2 sensors compatible with Respiratory and anaesthesia ventilators and also the O2 Monitors

VEN-2518

O2 Cell LDM 13
Neonatal Ventilator O2 sensors compatible with Philips V680

VEN-2222

O2 Cell LDM 11
O2 sensor for Vyasys Vela Ventilator

BIO-1238

O2 Analyser
Full line of o2 Monitor and also the O2 Purity analyzer with very high accuracy readings

VEN-2309

Air/O2 Blender
Full line of LOW Flow and Hi Flow Air/O2 Blender for all critical applications

VEN-2076

Flow sensor
The hot wire flow sensor for Drager ventilator

VEN-2080

Flow sensor
Full line of flow sensor for Hamilton ventilator

ICU & Anaesthesia Breathing Circuits

VEN-1003

Basic Adult Bain Circuit

Full range of Anaesthesia Breathing Circuit for Adult Patient

VEN-1056

Mapleson D Bain Circuit

Full range of Anaesthesia Breathing Circuit for Adult Patient

VEN-1040

Jackson & Rees Bain Circuit

Full range of Anaesthesia Breathing Circuit for Pediatric/ Neonatal Patient
